- Naturally filtered for months through the dense fibers of the coconut creating a nutritious, pure and refreshing isotonic beverage.
- Produced to customer requirements and specifications.
- Laboratory certified and guaranteed with every shipment.
- Natural and versatile product for customers to bottle or co pack their own brand.

Ingredients

Organic Coconut Water with no additives

Process and Certifications

- On site rigorous selection process. We hand pick only the best Organic coconuts on the island.
- Proprietary fast extraction and filtration system that ensure product purity.
- Cold fill aseptic process with light pasteurization to guarantee the highest quality and safety standards.
- Best in Class fresh taste packed with natural electrolytes.
- HACCP Certified, FDA approved and FSSC 22000 certification in process.
- Specialized filling line for Industrial presentations designed to produce +168,000 liters per week.
- We are proud to work together with Save the Children™ to sponsor programs in health, nutrition, education, community development and childrens rights.

Shelf Life and Storage Conditions

Frozen: 18 months at -18 degrees Celsius

Refrigerated: 6 months at 2 to 6 degrees Celsius

- Cold chain must be maintained at the indicated temperatures until the product is ready for use.

Product Use / Application

- Ideal as a premium raw material or ingredient to be incorporated in many beverage applications.
- Perfect for blending with 100% juices to reduce the overall caloric content and improve nutritional profile.
- Can be used to reduce the thickness of highly viscous purees and yogurts and does not interfere with other flavors.
